**Skills:** Next.js, Node.js, MongoDB, Stripe, Agile, UML, LMS

### MyEasyTransfer

Jun 2022 – Aug 2022

SOFTWARE DEVELOPER INTERN

Remote

- Worked with a team of 3 interns on the development of a blog project using React and GraphQL.
- Contributed to the design, implementation, and maintenance of the blog platform to ensure a user-friendly and responsive experience.
- Regularly participated in team meetings and code reviews to enhance code quality and project progress.
- Gained practical experience in full-stack web development and refined skills in React and GraphQL.

**Skills:** React, GraphQL, Full-Stack Development, Team Collaboration, Blog Development

### Fiverr

2021 – Present

FREELANCE 3D MODELER

Remote

- Completed over 100 projects in 3D modeling for clients worldwide, focusing on creating high-quality, realistic models for games, products, and architectural visualizations.
- Used tools like Blender, Maya, and 3ds Max to deliver custom 3D models that meet client specifications and industry standards.
- Collaborated with clients to understand their vision and translate it into detailed, functional 3D models, maintaining a 5-star rating on the platform.
- Provided additional services such as texture creation, lighting setup, and rendering to enhance the final product.

**Skills:** 3D Modeling, Blender, Reallusion, Rendering, Texturing, Client Management, Communication, Adaptability, Problem-Solving, Creativity

## Projects

### FULL STACK E-COMMERCE WEBSITE DASHBOARD AND CMS

2023

- Developed a versatile E-Commerce platform and dashboard with Next.js, React, Tailwind CSS, Prisma, MySQL managed with PlanetScale, and integrated Clerk Authentication.
- Implemented features such as product management, image uploads, category creation, and dynamic advertisement creation.
- Enabled search functionality, showcased recommended products on the homepage, and provided insights through revenue and order graphs.
- Integrated Stripe for secure checkout and webhook support.

**Skills:** Next.js, React, Tailwind CSS, Prisma, MySQL, Stripe, E-Commerce

### GITHUB HOMEPAGE CLONE

2023

- Created a GitHub homepage clone using Next.js, Tailwind CSS, Framer Motion, and React Spring for advanced frontend development.
- Focused on implementing styling, animations, and a globe component to replicate the GitHub homepage.

**Skills:** Next.js, Tailwind CSS, Framer Motion, React Spring, UI/UX Design, Animations

## FULL STACK INVENTORY MANAGEMENT DASHBOARD

2024

- Developed a complete Inventory Management Dashboard application with Next.js for the frontend, styled with Tailwind CSS, and a Material UI Data Grid for complex data processing.
- Optimized state management with Redux Toolkit and used Redux Toolkit Query for efficient data querying.
- Developed the backend with Node.js and used Prisma as an ORM for seamless database interactions.
- Utilized various AWS services, including RDS for database management, EC2 for compute power, API Gateway for robust APIs, Amplify for frontend deployment, and S3 for storage solutions.

**Skills:** Next.js, Tailwind CSS, Redux Toolkit, Prisma, Node.js, AWS, Inventory Management

## HARRY SHOPER E-COMMERCE APP DEVELOPMENT

2021

- Developed various features for an E-Commerce app, including search, pagination, recommended products, cart both locally and in the database, and order management.
- Implemented role-based authorization for administrators and customers to effectively manage permissions and access controls.
- Integrated Stripe Checkout to enable secure payments via credit card, Apple Pay, and Google Pay.
- Used Blazor for the client-side application, developed a web API for backend services, and employed Entity Framework Core with SQL Server Express for database management.

**Skills:** Blazor, Entity Framework Core, SQL Server Express, Stripe, E-Commerce, API Development

## Education

---

### Master of Science in Software Engineering

2020 – 2023

TEK-UP, ARIANA, TUNISIA

### Exchange Student in Computer Technologies

2023

HOCHSCHULE SCHMALKALDEN UNIVERSITY, GERMANY

### Bachelor's Degree in Mechanical Engineering

2016 – 2018

ISET RADES, TUNISIA

## Extracurricular Activities

---

Jan 2018 – Dec 2019

RED CRESCENT TUNISIA

- Volunteered with Red Crescent Tunisia, contributing to disaster relief and coordinating fundraising events.
