ABOUT ME

Experienced Software Consultant/Architect with over 13 years of Engineering experience in fostering CI/CD practices, consistently translating complex requirements into effective solutions maintaining integration and scalability. Strong skills in JavaScript, React JS, Redux, Micro Frontend architecture, Typescript, Node JS and Apache JClouds to connect with multiple cloud provider services, solutions and technologies of AWS, Azure and Open Stack.

WORK EXPERIENCE

Development Manager

Standard Chartered Global Business Services [08/2022 – 08/2024]

City: Bangalore | **Country:** India

- Led cross-functional teams to define technical requirements and spearhead architectural decisions, resulting in a 20% improvement in overall system performance.
- Troubleshot and resolved complex technical issues related to performance and bundle size, enhancing system reliability and user experience.
- Implemented Continuous Integration (CI) and Continuous Deployment (CD) processes using Azure DevOps, reducing deployment time by 30%.
- Developed independently deployable, scalable modules via Micro-frontend Module Federation, promoting code reusability and simplifying maintenance tasks, while migrating application from Ember to React with improved performance and code optimization.

Lead Development

Capgemini Technology Services India Ltd. (SCB, Bangalore) [12/2018 – 07/2022]

City: Bangalore | **Country:** India

- Directed a team responsible for client onboarding and banking domain projects, delivering high-quality software within set timelines.
- Led the entire software development lifecycle, overseeing phases from design, development, and testing to deployment and maintenance.
- Optimizing web applications using techniques like lazy loading, code splitting, and React Profiler, while writing clean, modular, and reusable code.
- Implemented continuous integration and deployment strategies using Jenkins and Kubernetes, reducing deployment times by 30% with focus on using monitoring tools to ensure application performance.

Apprentice Leader

Mu-Sigma Business Solutions Private Limited, Bangalore [12/2011 – 12/2018]

City: Bangalore | **Country:** India

- Led data analytics projects to provide big data services and decision sciences, significantly improving data-driven decision-making processes for enterprises.
- Implemented Apache jclouds multi-cloud toolkit to connect with public and private AWS, Azure and Open Stack cloud solutions, increasing project capabilities and performance by 30% through enhanced access to cloud-specific features.

- Directed the configuration and deployment of the Phoenix project's sub-project, overseeing requirement gathering, analysis, design, development, and testing phases, resulting in a 20% reduction in project turnaround time.
- Enhanced team productivity by introducing effective work management principles, resulting in a 15% increase in overall project efficiency.

Developer

Info Pad Technologies Pvt. Ltd. Formerly called Neuron Logitech Ltd. [10/2010 – 12/2011]

City: Bangalore | **Country:** India

- Designed and developed the Graphical User Interface (GUI) for the Law Personal Access Device, enhancing user experience and functionality.
- Implemented and maintained critical front-end features using Flex, leading to a 20% increase in application responsiveness.

Software Developer

Optis Information services Pvt. Ltd. [10/2009 – 10/2010]

City: Bangalore | **Country:** India

- Developed and tested the Dekiru Virtual Platform using Flex, enhancing platform performance by 15%.
- Collaborated with a cross-functional team to identify and resolve critical software issues, improving system reliability by 20%.

EDUCATION AND TRAINING

Bachelor of Engineering (Information Science)

BMS College of Engineering [2005 – 2009]

City: Bangalore | **Country:** India

DIGITAL SKILLS

Javascript / ES6 / React JS / React Router / Redux / React Hooks / Webpack / NodeJS / Typescript / GraphQL / HTML5 / Bootstrap / CSS3 / SASS / AngularJS / MySQL / Flex / Core Java / Spring Boot Web Services / Apache JClouds - AWS and Azure / JSON / MongoDB / REST API / Jest / React Testing Library / Mocha and Chai / APIs / Authentication / HTTP / Websockets / Python - Flux

Tools

Jenkins / Bitbucket / GIT / Sonar Qube / Jira / Figma / Azure CI/CD / Docker

Soft Skills

Problem analysis & Problem Solving / Team Player

LANGUAGE SKILLS

Other language(s): English - C1 | German - A1
